Keygen for BatteryBar Pro v3.6.6. BatteryBar Pro - Monitor your phone's battery usage in real time, analyze it to find the energy-hungry apps and improve your device's performance by shutting them down.

You can download this software program free of charge here: http://www.downloadkeygenz.com/batterybar-pro-v3656-keygen After you download this app, just use our provided key generator to get the working version for free! How can you use BatteryBar Pro? It's easy! Install it on your smartphone or tablet and simply launch the program when you need to start monitoring its battery life. A new full-screen window will appear on the display, showing you a chart of how much battery power remains. You can tap on the chart to get a more detailed report on the current status, and view additional information such as what your screen brightness is at any given moment. The app is ad-supported, but these ads can be easily dismissed if you find them bothersome.

Key features: # Shows Phone Screen Battery Percentage Level. # Show All Apps That Drain Your Battery Life. Note :- This app does not drain your battery! # Shows The Current Temperature Of Battery. # Shows The Current Voltage Of Battery (depends on device). # Shows The Current Battery Level Of Your Device. # Shows The Current Date And Time. # Shows The Estimated Time Until Battery Runs Out. # Shows The Estimated Time Of It Running Out. - Pro Version! # Application Settings: Set An Alarm On Battery Level, and Change Screen Color and Icon Style (Pro Version Only). # Capacity: Support 1024 levels of battery indicator; Support Temperature Units: Degrees Celsius; Support Voltage Units: Volts; Support Multiple Devices (For Example – You Have This App Installed on Both Your Phone And Tablet. You Can Add Them Both To Monitored Devices!) # Reset the battery capacity if you're facing problem with BatteryBar. _____
